2. The origins of Native Americans and their food. It is commonly believed that the first Native Americans crossed from the Old World into the New World across the Bering Land Bridge that joined Siberia to Alaska at least 15,000 years ago , but disappeared shortly thereafter.Although the passage of time renders it impossible to know for certain how, when, or why the Asian ancestors of the ...

Native American foods: History, culture, and influence on

Definition. Genetically modified foods, GM foods or genetically engineered foods, are foods produced from organisms that have had changes introduced into their DNA using the methods of genetic engineering as opposed to traditional cross breeding. In the U.S., the Department of Agriculture (USDA) and the Food and Drug Administration (FDA) favor the use of "genetic engineering" over "genetic ...
