Second, to what extent should the Publication Manual be prescriptive rather than descriptive of current practices in the field? A section in the foreword to the fourth edition is relevant:

11353-01 Intro final - APA Style

Interior Architecture is the design of a space inside any building or shelter type home that can be fixed. It can also be the initial design and plan for use, then later redesign to accommodate a changed purpose, or a significantly revised design for adaptive reuse of the building shell. The latter is often part of sustainable architecture practices, conserving resources through "recycling" a ...
