Computers have often been used as fictional objects in literature, movies and in other forms of media.Fictional computers tend to be considerably more sophisticated than anything yet devised in the real world. This is a list of computers that have appeared in notable works of fiction.The work may be about the computer, or the computer may be an important element of the story.

List of fictional computers - Wikipedia

In medieval European usage, a sergeant was simply any attendant or officer with a protective duty. Any medieval knight or military order of knighthood might have "sergeants-at-arms", meaning servants able to fight if needed.

Sergeant - Wikipedia
